

# ZOO CRANK OPERATORS FOR DOORS AND GATES

Designed with keeper and animal safety in mind, RW Hardware Crank Operators provide zoos with an innovative standard for the remote operation of containment doors and gates.

Available in styles for vertical lift or horizontal sliding doors, this ergonomic device is easy to operate. It eliminates oversized old style control wheels or the need for complicated gear-reduction typically used to aid in lifting heavy guillotine doors.

## Part Number

PN 0234.00080 - Vertical Crank Operator

PN 0234.00081 - Horizontal Crank Operator

- Hardware kit included with either model [Connecting kit and chain for 4 feet of travel, additional chain sold separately]
- Optional Pulley System
- Optional Sliding Door Hardware

## Construction

### Heavy Duty Galvanized Steel

- Resists corrosive, harsh environments
- Withstands daily cleaning and spraying
- Forged aluminum crank and plastic handle

## Safety Features

### Completely Enclosed Box

- Gears and operating mechanisms are completely enclosed to eliminate injury to animals and keepers
- Enclosure protects parts from debris and corrosion
- Removable Front Cover for maintenance access
- Operators can be wall-mounted or mounted caging

### Automatic Failsafe Locking Mechanism

- Spring return locking mechanism
- Catches if accidentally released
- Can be padlocked

## FEATURES

- Ergonomic Double-Geared System
- Remote Actuation
- Automatic Failsafe Lock

## BENEFITS

- Uses less muscle to move even the heaviest doors
- Ensures animal and keeper safety
- Prevents accidental door release to protect animal and door
